What is an On-line Reporting System??

– The Online Reporting System, or ORS, is an automated, easy to use, on-line, report management system designed to provide report data in an efficient and timely manner for the viewing and printing of report data.
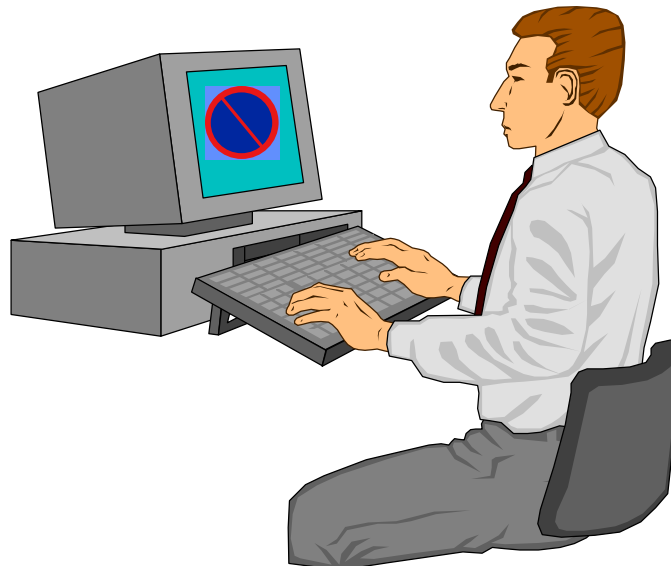

ADVANTAGES OF USING ORS
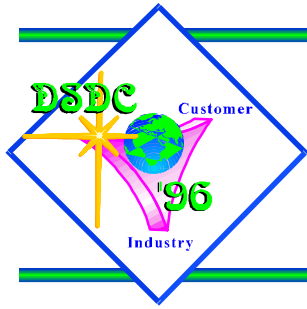

- Improve efficiency of Operations by:
  - Reducing Operating Costs
  - Capture and print ONLY WHAT YOU NEED
  - Quicker response obtaining "time-sensitive" report data
- User Friendly
  - On-line Help
  - No special skills required to use

SECURITY ISSUES

- Tailor Menus
- Individually Limit User Access
- ORS Manager/System Administrator Teamwork

ORS CAPABILITIES

- Processes Incoming Reports from any Tier
- Viewable on most UNIX-based Systems
- Extract data can be tailored & automated
- Automated Report Print Control System
- Automatically Purges Obsolete Reports
- Keeps daily logs of System activities

FUTURE ENHANCEMENTS

- Optical Disk Storage
  - Indefinite Retrieval
  - Saves System Space

TRAINING AVAILABLE

- Available upon request
- 2 Levels of Training:
  - ORS Manager Training
  - ORS User Training

On-line Reporting System

ORS SUPPORT

- Monitor Systems
- ORS Support Group
- Help Desk
